

FIRE EXTINGUISHER HANDS-ON TRAINING

- There are fire extinguishers at work and in your house...do you REALLY know how to use them?
- Do you know the three most common causes of workplace fires?
- What would you do to survive a fire at work or in your home?

Come to the HANDS-ON TRAINING and get the skills and information you need to help keep you, your family, and your co-workers safe!

EOHSS will provide information on workplace fire safety, including the most common workplace fire hazards and how to prevent them. Also included with this training will be valuable tips and instruction on home fire safety, smoke and carbon monoxide detectors, home escape planning, and holiday fire safety.

*Faculty, staff and students will be able to practice extinguishing a fire by participating in a **hands-on "live burn"** fire extinguisher training using the BullEx Intelligent Training System™.*
